

TFT Appoints Dan Weaver & Associates as New TV Representative

San Jose, California – October 3, 2003 - TFT, Inc. is pleased to announce the appointment of Dan Weaver & Associates as its exclusive TV products representative for Kentucky, Illinois, Indiana, Michigan and Ohio. Dan Weaver & Associates has been selling high-tech electronic video/audio equipment and systems for over 27 years. The firm's main office is located in Prospect, Kentucky.

Dan Weaver & Associates will be marketing TFT's line of TV products to television stations, system integrators, and consultants throughout the five-state territory. These products in the Model 850 BTSC Aural Modulation Monitor, Model 855 SAP/Pro Monitor, Model 860 Multi-Function Audio Analyzer, and Digital Microwave Subcarrier equipment. The firm is headed by Dan Weaver, who has been in the electronics industry for over 27 years. Michael Taylor, an associate who covers Illinois, also has extensive technical expertise in marketing and engineering. Michael was formerly with Sony and Ampex.

TFT was formed more than 32 years ago to address the needs of the U.S. broadcast industry, and its core products include EAS equipment, digital and analog STL (Studio-Transmitter Link) equipment as well as modulation monitors and analyzers for AM, FM, TV and cable.

In addition to TFT, Dan Weaver and Associates also represents Sierra Video Systems, Fiber Options, FEC, Canopus, Vela Research, Akira, ToteVision and Cool-Lux. Their clients include broadcast, industrial, corporate, educational, security and government customers in the mid-West.
